MORMON TEMPLE P27171

St. George, Utah

This beautiful, snow-white Temple is the first Mormon Temple to be completed in Utah. Finished and dedicated January 1, 1877, having taken six years to build. Pioneers used ox teams to haul the logs and timber that is used in this building from eighty miles away. It is constructed of native sandstone.

We came to Salt Lake City Utah on Sun dinner, We were with Drumheller's + Ottere's in Calif. They sure were glad to see us they did not expect to see anyone from back home. Expect to be home by week end.
